

ACTIVITY GUIDE

Green Activities: Activities for Everyone; Basic Skill Levels

Content	Location	Description and Activity Ideas	Internet required
Challenges	Health & Wellness – Brain Fitness	Exercise your brain by finishing common sayings, categorizing objects, identifying sounds, and much more!	NO
Paint	Games & Puzzles – Creative Arts	This interface turns the touchscreen into a painter’s easel. Click the template button at top to select an uncolored drawing or a blank canvas. Tools on the left let you choose a color and/or a line width. Use these to fill, or paint, onto the uncolored template or empty page.	NO
Google Earth Virtual Globe	Travel	Type in an address or location and see an aerial map image—zoom in with the yellow “Street view” man and take a walk down memory lane! Use with <i>Guided Tours</i> to explore foreign lands, or visit a special place, like a childhood home.	YES
Guided Tours	Travel – Travel Videos	Travel all around the globe without ever leaving your chair! Use <i>Google Earth</i> or watch <i>Time Lapse</i> videos to enhance the trip!	NO
Happy Neuron	Health & Wellness – Brain Fitness	Stretch your residents’ working and visual memory with these brain teasers! Each game has nine difficulty levels. Start on Level 1 and advance when you're ready. <i>Catch the Ladybug</i> , <i>Secret Files</i> , and <i>Entangled Figures</i> are great for this!	NO
Matching	Games & Puzzles— Matching and Weekly Matching Games	Take turns picking matching cards until the game is finished.	Weekly Matching – YES Matching - NO

ACTIVITY GUIDE

Content	Location	Description and Activity Ideas	Internet required
Memory Bio	Reminisce	Use the visual cues and questions to spark reminiscent conversations. Have a physical object to hold while looking at the visual clues. Use the video camera to record these memories for family members.	NO
Newseum	Stay Connected - Internet	Let residents look up their local paper using <i>Newseum</i> . Caregivers and residents can take turns reading articles to each other and talking about them. You can also access <i>USA Today</i> , <i>The New York Times</i> , <i>Dear Abby</i> , and a Daily Horoscope.	YES
Postcards	Travel	Search for your State and County to see a collection of vintage postcards. Discuss how places have changed or stayed the same over the years.	YES
Puzzles	Games & Puzzles	Choose your favorite category, customize your difficulty level, or even make your own puzzle! Use pictures of grandchildren, children, pets, or favorite places to make puzzles!	NO
Skype	Stay Connected	Schedule a web video chat with your residents' loved ones, local schools (maybe for a history lesson or art project), or with one of the iN2L staff! Plug the telephone accessory into a USB port for additional privacy.	YES
Tic-Tac-Toe	Games & Puzzles – Strategy & Target	Traditional battle of the X's and O's! Great for staff/resident or family/resident interaction too!	NO

ACTIVITY GUIDE

Blue Activities: Activities for Moderate to Advanced Skill Levels

Content	Location	Description and Activity Ideas	Internet required
2048	Games & Puzzles – Strategy and Target	Slide tiles to combine matching numbers on a grid to get as many points as possible.	NO
Car Park	Games & Puzzles – Strategy & Target	Use planning and strategy to move the yellow car out of the parking lot in as few moves as possible.	NO
Geography	Games & Puzzles	Test your knowledge of countries, states, provinces, and territories! Print off a map of the area you are working on, having residents find the location on the paper first, and then on the game.	NO
Mahjong	Games & Puzzles – Card & Board	Clear the board by selecting tiles with identical images. Only tiles with free edges can be selected! (Think dominoes...)	NO
Sudoku	Games & Puzzles – Strategy & Target	Make sure every row, column, and box has a sequence of 1-9, using each digit only once!	NO
Towers of Hanoi	Games & Puzzles – Happy Neuron – Executive Functions	Move the stones one at a time to match the new pattern. Each game has nine difficulty levels. Start on Level 1 and advance when you're ready!	NO
Split Words	Games & Puzzles— Happy Neuron – Language	Guess which syllables go together to form words with a common theme. Start with the easy levels and work your way up!	NO
