### GW and Global warming

At a press conference, former President George W. Bush announced that he is surprised at how quickly global warming is happening.

Then one of his aides pulled him aside and explained that it was just the beginning of spring.

"Here's good news: George W. Bush says that he is committed to fighting global warming. Yeah, well, he nipped that in the bud, didn't he? ... President Bush says he's really going to buckle down now and fight global warming. As a matter of fact, he announced today he's sending 20,000 troops to the sun" --David Letterman

"President Bush has a plan. He says that if we need to, we can lower the temperature dramatically just by switching from Fahrenheit to Celsius" -- Jimmy Kimmel, on fighting global warming

"According to a new U.N. report, the global warming outlook is much worse than originally predicted. Which is pretty bad when they originally predicted it would destroy the planet." --Jay Leno

### **An a Environmentalist Dies**

An environmentalist dies and reports to the pearly gates.

St. Peter checks his dossier and says, 'Ah, you're an environmentalist - you're in the wrong place.' Thinking that

heaven could never make an error, the environmentalist reports to the gates of hell and is let in.

Pretty soon, the environmentalist gets dissatisfied with the environment in hell, and starts implementing eco-friendly improvements. After a while, global warming, air and water pollution are under control. The landscape is covered with grass and plants, the food is organic and the people are happy. The environmentalist has become a pretty popular guy.

One day God calls Satan up on the telephone and says with a sneer, 'So, how's it going down there in hell?'

Satan replies, 'Hey, things are going great. We've clean air and water, the temperature is better and the food tastes better, and there's no telling what this environmentalist is going to fix next.'

God replies, 'What? You've got an environmentalist? That's a mistake; he should never have gotten down there, send him up here.'

Satan says, 'No way. I like having an environmentalist on the staff, and I'm keeping him.'

God says, 'Send him back up here or I'll sue.'

Satan laughs uproariously and answers, 'Yeah, right. And just where are you going to get a lawyer?'

What did the endangered species say to the Exxon executive who was telling jokes? STOP, YOU'RE KILLING ME.
